

A Seminar Series on the
**Role of Mathematics in
Engineering & Sciences (RoMES)**

**Why does understanding randomness matter?
A premier in Stochastic Calculus**

DR. JAVED HUSSAIN BROHI

Associate Professor
Department of Mathematics
IBA University, Sukkur
javed.brohi@iba-suk.edu.pk

It will be tried to convince the audience why most deterministic models to understand nature are inadequate, and why stochastic models have a natural advantage. It will allude to the foundations of stochastic processes and calculus, which are used widely to model the processes appearing in physics, finance, and engineering.

WEDNESDAY, November 30, 2022
01:45 PM - 03:15 PM
Venue: Lyceum Hall, BLOCK-A, PIEAS

Center for Mathematical Sciences (CMS)
Pakistan Institute of Engineering and Applied Sciences
(PIEAS), Nilore, 45650, Islamabad

Tel.: [+92-51-1111-74327](tel:+92-51-1111-74327) (Ext. 3609); Email: rashidmahmood@pieas.edu.pk
